REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,
Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent, of Government Printing, Calcutta.
 The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an Index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India R30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, R6 and 8 shillings respectively, will be charged extra for the whole sets.

*No copies will be issued to non-subscribers till the work is complete and no single volume will be sold separately. The price to non-subscribers will be R45 in India, and 3 guineas in England, exclusive of packing and postage.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an Index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India Rs 30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, Rs 6 and 8 shillings respectively, will be charged extra for the whole sets.

*No copies will be issued to non-subscribers till the work is complete and no single volume will be sold separately. The price to non-subscribers will be Rs 45 in India, and 3 guineas in England, exclusive of packing and postage.

SURVEY OF INDIA DEPARTMENT.

RULES FOR THE SUPPLY OF MAPS AND FOR THE EXECUTION OF LITHOGRAPHIC OR PHOTOGRAPHIC WORK ON THE PUBLIC SERVICE OR ON PAYMENT.

A.—Supply of Printed Maps.

1. The Map Record and Issue Office, Calcutta, supplies printed maps from stock on book-debit on the public service. It also arranges for the colouring and mounting of maps when required. All charges for freight and postage of parcels must be borne by applicants themselves. Such incidental charges as colouring, mounting, and binding maps, as well as packing cases, are NOT to be paid in cash, but will, together with the price of the maps, be adjusted by book-debit, for which purpose it is absolutely necessary that the triplicate copy of the invoice should be signed and promptly returned to this Office.

2. Maps can also be obtained for non-official use from the above-mentioned Office on payment *prepaid*, as well as from the following Local Agents, who, however, have no authority to issue maps on the public service:—

ALLAHABAD.—Curator of Government Books.

3. All applications for maps on the public service should be made to the Assistant Surveyor General, in charge of the Map Record and Issue Office, 13, Wood Street, Calcutta, and should give full particulars as to the kind of map and its scale, and any other information that will guide this Office in knowing exactly what is required. (In the case of confidential maps the previous sanction of the Foreign Office must be obtained. (N.B.—Trans-frontier maps are confidential.)

4. The mode of transit and address or station to which the maps are to be sent should invariably be specified.

5. Indent forms for maps on the public service can be obtained from the Assistant Surveyor General in charge of the Map Record and Issue Office.

6. Lists of all newly published maps are periodically notified in the Gazettes of India and Local Governments.

7. All indents for printed maps on the public service must be duly approved and counter-

signed by the heads of departments, or other authorized officers under whom indenting officers may be serving, before they can be complied with, *viz.*—

B.—Requisitions for Lithographic or Photographic Work.

9. The Photographic and Lithographic Office at Calcutta reproduce maps, plans, and drawings by lithography and by photography on book-debit on the public service, and on cash payment in certain special cases only. The Trigonometrical Branch Office at Dehra Dun does not, as a rule, undertake work for other Departments.

10. As a rule, drawings in line can be reproduced by photozincography if suitably drawn in accordance with instructions which may be obtained on application to the Assistant Surveyor General, Photographic and Lithographic Office, No. 14, Wood Street, Calcutta. Coloured and other drawings unsuitable for photozincography must be lithographed, but the cost is considerably greater.

11. Photographs if required in large numbers can be cheaply reproduced by the photo-collotype and heliogravure processes from suitable negatives.

12. All applications for lithographic or photographic work on the public service should, if possible, be submitted in the following form, which is not required in duplicate. Blank forms may be obtained on application to the Assistant Surveyor General, Surveyor General's Office, or as in Rule 10.

INDENT NO. _____ on the PHOTOGRAPHIC AND LITHOGRAPHIC OFFICE, S. I. DEPT., for _____ to be reproduced by _____ for the use of _____ Dated _____ 189

Description of map or drawing.	Number of original sheets.	Scale.	Scale of reproduction.	No. of copies required.	Quality and size of paper to be printed on.	Purpose for which required.	How and where to be despatched and other special instructions.
							The address which should be affixed to the parcels or cases to be distinctly given in full. Abbreviations sometimes lead to mistakes.

I do hereby certify that the maps, &c., specified in this indent, are indispensably necessary to the best of my knowledge and belief, after the most careful examination.

Recommended.

Countersignature of approving authority.

Signature of Indenting Officer, with designation of appointment in full.

13. All necessary information as to the scale of reproduction, number of copies required, quality and size of paper, mode of transit, and address to which proofs and printed copies are to be despatched, should be shown on the face of the indent and not in a covering letter, unless more explanation is required than can be given on the face of the indent.

14. All indents must be duly approved and countersigned by the heads of departments, or the Government under which indenting officers may be serving, before they can be supplied, *viz.*—

Survey of India Department, Trigonometrical Branch, by Deputy Surveyor General, or by Surveyor General.
Ditto ditto Topographical Branch, by Deputy Surveyor General, or by Surveyor General.
Ditto ditto Revenue Branch, by Deputy Surveyor General, or by Surveyor General.

Settlement Department, by Boards of Revenue.

Public Works Department, by Superintending Engineers or higher authorities.

Military Works Department, by Superintending Engineers or higher authorities.

Telegraph Department, by Director General of Telegraphs.

and they should be addressed to the Assistant Surveyor General in charge of the Photographic and Lithographic Office, Calcutta, at No. 14, Wood Street.

15. Lithographic and photographic work will be undertaken on behalf of Municipalities, Port Trusts, Railway Companies, the Trustees of the Indian Museum, and other quasi-official bodies for cash payment on indents in the form prescribed above. Private work cannot be undertaken except in very special cases, when it cannot possibly be done otherwise, and when the office can take it up without inconvenience. On such work an extra charge of 10 per cent. will be made over and above the usual rates. In all cases where cash payment is required, an estimate will be given and the amount must be remitted before the work can be put in hand.

16. As a rule, maps and drawings reproduced by lithography or photography are not coloured, but in special cases where colouring is essential, it can be done and will be charged for on book-debit as prescribed under Rule 1. Packing charges will be dealt with in the same way, but transit charges both ways must be paid by indenting officers.

17. To enable the indenting officer, as well as the officer who countersigns and finally passes an indent, to know the cost involved thereby, a *Scale of Charges* showing the average ordinary price of each description of work executed in the Photographic and Lithographic Office can be obtained on application.

18. Indents should be regulated, not according to what an officer would like to have, but by what is absolutely necessary. It is in all cases an economy to have maps and drawings reproduced on as small a scale as possible.

C.—Requisitions for Maps required to be specially prepared.

19. In cases where maps are required on service for special purposes, as for illustrating reports, for which none of the published maps are suitable, application should be made by letter giving full information, addressed to the Assistant Surveyor General in charge of the Drawing Office, 13, Wood Street, Calcutta.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an Index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India R30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, R6 and 8 shillings respectively, will be charged extra for the whole sets.

*. No copies will be issued to non-subscribers till the work is complete and no single volume will be sold separately. The price to non-subscribers will be R45 in India, and 3 guineas in England, exclusive of packing and postage.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an Index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India R30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, R6 and 8 shillings respectively, will be charged extra for the whole sets.

*No copies will be issued to non-subscribers till the work is complete and no single volume will be sold separately. The price to non-subscribers will be R45 in India, and 3 guineas in England, exclusive of packing and postage.

Ditto 10,000	ditto	25,000		6 0 0	8 0 0
Ditto 25,000				8 0 0	10 0 0

(a) The amount or value of the subject-matter of a suit or appeal, as determined in sections 7 and 8 of the Court Fees Act, 1870, or under the rules made under the Suits Valuation Act, 1887, whichever is higher, shall regulate the fees payable according to the above schedule, and—

- (b) A uniform fee of annas eight shall be levied on every process issued—
 (i) in any suit or appeal not coming under clause (a) of this rule, or
 (ii) in any miscellaneous proceeding other than a proceeding in the execution of a decree.
 (c) If a peon be detained more than three days in charge of attached property or in charge of a judgment-debtor under section 349 of the Code of Civil Procedure, 1882, or, in attendance on arbitrators or otherwise, a daily fee of annas four in cash for each peon shall be levied.
 2. A separate process shall be issued for each person summoned, or arrested, or upon whom a notice is served, and a separate fee shall be charged for each process : Provided that in civil cases against a coparcenary body for land, and also in cases against several defendants for the levy of customary village dues recorded at settlement, other than cesses assessed by Government, only one fee shall be levied for the service of process on defendants or respondents who may reside in the same village, if they are not more than four in number ; but if they are more than four in number, then one-sixth of the ordinary fee leviable shall be charged for every such person in excess of four ; provided also that the aggregate fee payable under the above proviso shall in no case exceed Rs. 5.
 3. When a process issued by a Civil Court is returned unserved, and has to be reissued, the party at whose instance it is reissued shall, unless the Court, for reasons to be recorded by it, otherwise directs, pay the full fee chargeable thereon.
 4. When the service is set aside in an enquiry under section 82 of the Code of Civil Procedure, 1882, no process-fee shall be levied upon reissue.

PART II.

Rules applicable to Criminal Courts.

5. No fee shall be levied on any process issued by a Criminal Court in cognizable cases, that is, cases in which the Police may arrest without warrant, according to the second schedule of the Code of Criminal Procedure, 1882, or any other law in force for the time being.
 6. In non-cognizable cases, that is, cases in which the Police have by law no power to arrest without warrant, process-fees shall be levied according to the following scale, *viz.* :—

(i) For every summons or notice	4 annas.
(ii) For every warrant of arrest	6 "
(iii) For every proclamation for absconding party or witness (Code of Criminal Procedure, 1882, sections 87 and 88)	1 rupee.
(iv) For every warrant of attachment	8 annas.

Provided that no fee shall be levied on any process issued on the complaint of any public officer acting as such public officer.

Provided also, that the Court may, in its discretion, or for reasons to be recorded in writing, remit the whole or any portion of the amount of the process-fees leviable under this rule.

7. Rules 2 (except the proviso), 3 and 4 shall apply *mutatis mutandis* to process issued by Criminal Courts.

PART III.

General.

8. Subject to the provisions of these rules, no fees shall be levied for any process which a Court may issue of its own motion, or by order of a superior Court in any suit or proceeding, and not at the instance of any party to the suit.

9. A process issued by any British Court, whether of Civil, Revenue or Criminal jurisdiction, shall be served free of charge by any Court in Ajmere-Merwara, if it be certified on the process that the proper fee has been levied under the rules in force in the Court issuing it. When any Civil, Revenue or Criminal Court in Ajmere-Merwara sends a process for service or execution beyond the local limits of its ordinary jurisdiction, such Court shall endorse on the process a certificate that the fee chargeable under these rules has been levied.

10. Process-servers shall ordinarily travel on foot, when proceeding to serve or execute processes ; but in special cases, under the permission in writing of the Judge of the Court issuing the process, the journey may be made by railway or other conveyance. In all such cases, the *bond fide* travelling expenses of the process-server shall, as the Court may in each case decide, be charged either to judicial contingencies, or be paid by the party at whose instance the process was issued.

PART IV.

11. The strength and salaries of the process-serving establishment shall not, except with the special sanction of the Chief Commissioner, exceed the following scale :—

	Rs.
1 Nazir of the District	75
1 Naib Nazir of the Commissioner's Court	30
3 Naib Nazirs of the Courts of Small Causes, each	30
1 English Bailiff	25
Peons, 1st grade, each	6
Peons, 2nd grade, each	5

From time to time, it shall be within the competence of the Chief Commissioner to revise the above scale in any or all of its heads and to fix the number of peons to be employed ; provided that the number of process-servers shall be sufficient for the execution of a number of processes equal to an annual average of at least three hundred processes for each peon so employed.

For the purpose of computing the said annual average of at least three hundred processes mentioned in the last foregoing proviso, all processes of the same description issued on behalf of the same party, in the same suit or proceeding, and executed at the same time and in the same town or village, shall be reckoned as one process only, whether executed by one or more peons. But if the description of process, or the suit or proceeding, or party, be different, the services will count separately.

12. On special occasions, should it be necessary in order to save delay, any Civil Court may employ an additional messenger for the service and execution of any particular process. But the employment of such additional men must be reported to the Court to which such Court is subordinate, with an explanation of the reason which has made the employment necessary.

13. The distribution of the number of peons allowed under Rule 11 shall be made by the District Judge to the various subordinate Courts according to their needs.

PART V.

Subsidiary instructions regarding process-fees and process-serving establishment for the guidance of the Courts and process-servers.

14. The Nazir of the District shall be deemed to be the Nazir of all the Courts at Ajmere, except of the Courts of the Commissioner and of Small Causes, and shall be under the direct orders of the Assistant Commissioner, Ajmere. The English Bailiff shall be at the service of all the Courts at Ajmere.

The Nazir or any other Officer of the Court conducting the sale of property in execution of a decree shall, under the orders of the Court ordering the sale of such property, be entitled to receive a commission at the rate of $\text{Rs } 5$ per centum on the proceeds of the sale when such proceeds do not exceed $\text{Rs } 500$; and at the rate of $\text{Rs } 1$ per centum on proceeds exceeding $\text{Rs } 500$.

15. A register of peons appointed under Rule 11 shall be kept in the following form, and shall be maintained in the Commissioner's Office:—

Name, parentage and caste of peon.	Date of birth by Christian era.	Place of abode.	Date of entry in Government service.	Date of appointment to present post.	Salary.	REMARKS.

16. Ordinarily, Civil processes shall only be servable through the registered peons. When resort to others is necessary, the special sanction of the Court in writing shall be obtained.

17. Every registered peon shall be supplied with a belt and badge, shewing in English and Vernacular the Court to which he is attached.

18. In the selection of peons, preference shall be given to those who can read and write.

19. No process shall be prepared or issued until the requisite stamp (if any) has been put in. When the stamp has been put in, it shall be affixed if adhesive, or attached if impressed, to "the Diary of Process-fees" hereinafter mentioned: the process shall then be prepared and issued, after cancellation of the stamp put in.

20. On every process issued from any Court, there shall be recorded the name of the process-server deputed to serve or execute the same, the period within which he is required to certify service or execution, the amount of fee paid, and the date of payment, and the date of return after service or execution shall be subsequently endorsed. Such endorsements shall be signed by the Nazir or Naib Nazir or Bailiff.

21. An account of process-fee stamps filed, or processes issued (Civil, Revenue, and Criminal), of the number of peons employed, of the cost of establishment, of process-fees recovered in cash and of contingencies, shall be kept for each Court, where a separate establishment is entertained.

22. With the record of each Civil and Revenue case, and of each Criminal case in which process-fees are levied, shall be kept a separate sheet of paper, which should be devoted to the sole purpose of maintaining a record of processes, to be termed the "Diary of Process-fees." This diary shall be in the following form, and shall form a portion of File A. Entries of every process order to be issued in the case shall be made therein in chronological order, and the stamps, if adhesive, shall be affixed opposite the order, or if impressed attached to it, and cancelled immediately upon being affixed or attached.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an Index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India R30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, R6 and 8 shillings respectively, will be charged extra for the whole sets.

*No copies will be issued to non-subscribers till the work is complete and no single volume will be sold separately. The price to non-subscribers will be R45 in India, and 3 guineas in England, exclusive of packing and postage.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 359 royal pages; Volume II embraces the letter C in 639 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an Index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India R30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, R6 and 8 shillings respectively, will be charged extra for the whole sets.

*No copies will be issued to non-subscribers till the work is complete and no single volume will be sold separately. The price to non-subscribers will be R45 in India, and 3 guineas in England, exclusive of packing and postage.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an Index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India Rs 30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees/6 annas per volume.

For copies bound in half calf or half morocco, Rs 6 and 8 shillings respectively, will be charged extra for the whole sets.

*No copies will be issued to non-subscribers till the work is complete and no single volume will be sold separately. The price to non-subscribers will be Rs 45 in India, and 3 guineas in England, exclusive of packing and postage.
